## ■ ABOUT US

*Psychiatric Services (PS)*, a monthly journal, focuses on the delivery of behavioral health services in organized systems, such as state mental health systems, correctional systems, and the Veterans Health Administration. As health care reform and federal parity regulations change systems of care to maximize quality and accessibility and lower costs, the clinicians and administrators who work in today's systems will look to *PS* for research on how to deliver evidence-based treatments, to take an integrated "whole-health" approach to care, and to better engage their patients—especially those with severe and persistent mental illnesses, who are often served by multiple systems. In the mental health field, the current focus on patient-centered, recovery-oriented care and on dissemination of evidence-based practices is transforming service delivery systems at all levels. Research published in *Psychiatric Services* contributes to this transformation. *PS* is 90% editorial and 10% advertising. All new advertisements are subject to editorial review and approval. APA Publishing is not responsible for minor periodical manufacturing imperfections that do not distort the integrity of the advertising message.

## ■ TOTAL CIRCULATION

*PS* reaches psychiatrists, residents, administrative medical and nursing staff and other mental health professionals who work in community mental health centers, rehabilitation programs, state, veterans and private hospitals, correctional facilities and other agencies. Circulation is 870 as of October 2016.
